WHAT WE OFFER

Our diverse product portfolio comprises high-performance marine lubricants and specialty solutions tailored for maximizing equipment life and promoting eco-friendly, efficient operations.

- Gear Oil
- System Oil
- Turbine Oil
- Master Cylinder Oil (MCL)
- Trunk Piston Engine Oil (TPEO)
- Lithium Complex Grease
- Zinc free Hydraulic Fluids

OUR PRODUCTS

CORSICA MARINE CYLINDER OILS

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure cleanliness, reduce costs. Combating low-sulfur fuel issues, their advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

CORSICA TURBINE OILS

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure cleanliness, reduce costs. Combating low-sulfur fuel issues, their advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

TP & GEN-4 MARINE ENGINE OILS

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

ZINC FREE HYDRAULIC FLUIDS

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure low-sulfur fuel issues, their advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

CORSICA SYN TRANS GEAR OIL

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure cleanliness, reduce costs. Combating low-sulfur fuel issues, their advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

LITHIUM COMPLEX GREASE

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure cleanliness, reduce costs. Combating low-sulfur fuel issues, their advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

WHEEL BEARING GREASE

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.

• 50/25 • 50/40 • 50/57 • 50/70

CORSICA MARINE SYSTEM OILS

Corsica Marine Cylinder Oils provide superior protection for two-stroke engines. Engineered for maritime rigor, they minimize wear, ensure low-sulfur fuel issues, their advanced detergent formulation optimizes engine health and longevity while meeting industry specs and promoting eco-compliance.
